Time: 9am to 4pm

Venue: Waterfront Cebu City Hotel, Salinas Dr, Cebu City

### Conference on Teaching Language and Communication to Children with Autism

Children with autism have often many challenges with communication and language. In this day lecture, Mr. Mountjoy will share how the Autism Partnership Method can help teach children language and communication at all levels. In addition to many programs, this will show approaches that can help non speakers to begin to talk as well as to more advanced topics such as requesting, asking questions, sharing enjoyment, describing events and experiences. Numerous videos of real students will be presented to show how we can teach these important skills.

#### Topics:

- Behavioral foundations of speech
- Attending and learning how to learn programs
- Teaching nonverbal children how to talk
- Developing spontaneous language for requests, questions and sharing
- Developing longer sentences, describing events and more complex language programs

#### Speaker:

Mr. Toby Mountjoy (MSc, BCBA)  
Autism Partnership Director

Mr. Toby Mountjoy is a Board-Certified Behavior Analyst and holds a Master of Science in Applied Behavior Analysis. With over 20 years of experience working with individuals with ASD, he has been extensively trained by Dr. Ronald Leaf, Dr. Mitchell Taubman and Dr. John McEachin. Besides overseeing the Autism Partnership operation in Hong Kong, Korea, Philippines and Singapore with over 100 staff, including psychologists, consultants and therapists, he has also provided consultations to school districts, agencies, and families worldwide. Mr. Mountjoy has also contributed chapters to publications such as "Sense & Nonsense" and "It's Time for School". In 2007, he founded the charitable Autism Partnership Foundation and Aoi Pui School to offer more services for children with Autism.

**Complimentary Parent Consultation**

Date: August 30, 2019

Time: 2pm to 5pm

Venue: Seda Cebu Ayala Center

- What program is suitable for my child?
- How can you improve my child's focus and attention?
- How do you address my child's social skills and social interests?
- How is group skills training integrated in one-on-one therapy?
- Does my child need nap time during therapy session?

The Parent Consultation is a great opportunity to answer all your uncertainties and worries including but not limited to the questions presented above. With face-to-face consultation, you can share with us your situation and concerns as well as discuss with our Director your child's current therapy and program, behaviors, expressive and receptive language, play interests, social interests and self-help issues. Furthermore, you will receive his clinical recommendation and proceed to meeting our Operations Manager after the consultation to talk about the schedule and enrollment to our programs and services. It's FREE now for parents who are attending our Conference on Teaching Language and Communication to Children with Autism on August 31. Don't miss out this opportunity, FIRST COME FIRST SERVED!

Please feel free to share this invite to your colleagues and other related sectors whom you think would benefit from this endeavor.
